- The aim of aftercare is to assist parents and provide learners with a safe and stimulating environment in which to do their daily homework, study for tests and exams. We also encourage learners to develop a hobby if possible.
- The learners are provided with a light lunch, juice and biscuits
- Homework, study sessions and play time are supervised.
- We encourage parents to permit learners to bring board games, crafts, puzzles etc. in order to develop a hobby or to just simply enjoy their free time.
